## City's Solid Waste Services Reduced in Fiscal Year 2010

*Reductions result in schedule and service changes*

**Sacramento, Calif.** – As part of Fiscal Year 2009-2010 budget reductions, the City of Sacramento Department of Utilities' Solid Waste Division will make necessary service changes to street sweeping, illegal dumping, and neighborhood clean up services beginning July 6. Additional changes, including the implementation of a four day, 10 hour work schedule will commence on July 20, which will affect garbage, recycling and green waste pick up schedules. Below are specific changes to services and programs.

### Changes occurring on Monday, July 6:

- Monthly street sweeping services will be reduced from monthly to bi-monthly.
- Illegal dumping service turnaround times will be extended from three day to seven day response times.
- Neighborhood appointment clean up service will be temporarily suspended until further notice.

### Change occurring on Monday, July 20:

- To accommodate the four day a week, 10 hour a day work week schedule, weekly residential collection service schedules will be adjusted. The Solid Waste Division will provide its customers additional information prior to the change, and will also have information online.

For more information, including garbage pick up, visit  
<http://www.cityofsacramento.org/utilities/solid-waste-recycling/> or contact 311.
