

City of Sacramento
Department of Parks and Recreation

Park Maintenance Operations Effective July 6, 2009

Regular park maintenance will be provided at the City's 215 parks and other park areas every two to three days rather than every day as currently provided.

Grass will be mowed at each park every 10 to 12 days rather than every 7 days as currently provided.

Restrooms in all parks will be closed with very minor exceptions. Restrooms at McKinley Park and William Land Park will remain open because they are the only parks with maintenance crews that work exclusively at the park. Restrooms that are adjacent to a staffed swimming pool or are inside a community center will remain open to the public when the swimming pool or community center is open. Restrooms may also be open during large events operating under a special permit where the permit holder pays an additional fee to cover the cost of staffing.

Questions about Park Maintenance Operations should be directed to Dan Giammona at 808-4070.
