Introducing the Construction and Demolition (C&D) Debris Ordinance

This ordinance will require covered projects to recycle specific types of debris materials.

Planned Start Date	March 1, 2009
Covered Projects	All projects with a valuation of \$250,000 (\$100,000 in 2012) or more, and all down-to-the-ground demolitions, regardless of valuation.
Materials required to be recycled	<ul style="list-style-type: none"> - Scrap metal - Inert materials (dirt, soil, rocks, concrete, asphalt paving, etc.) - Corrugated cardboard - Wood pallets - Clean wood waste (unpainted, untreated lumber and plywood, etc.)
How to recycle	<p><u>Mixed C&D</u>: All debris (no wet garbage) into one bin</p> <p><u>Source-separated</u>: separate by type</p>
Who can haul debris	<p><u>Mixed C&D</u>: permit-holder, waste generator, franchised hauler, or City of Sacramento</p> <p><u>Source-separated</u>: anyone</p>
Where debris may go	<p><u>Mixed C&D</u>: SWA-certified Mixed C&D facility only</p> <p><u>Source-separated</u>: any facility that accepts the material</p>
Fee	0.04% of project valuation Minimum: \$40 / Maximum: \$800
Security Deposit	1% of project valuation (max \$10,000), due with fee when applying. Only applicable if permit applicant has been fined in past 12 months.
Fines	If found to be non-compliance: \$50-\$250 for first offense \$251-\$500 for second offense \$501-\$1500 for subsequent offenses
Documentation	Permit holder must keep a waste log of all materials hauled away from project site, as well as all weight tickets of disposed and recycled material. The waste log must be submitted at the end of the project, within 30 days after permit has been finalized or expired.
